

Policy for: LIMBS, BRUSH, FURNITURE

Residential Garbage Collection

Household garbage pickup is provided once a week by the contract for garbage collection service. Additional fee will be charged for other trash containers.

If you should move, all containers must remain at the current address.

Residents may not use any other container except the one issued by the Town. All garbage must be placed inside your container. Do not overfill your container to the extent that the lid will not close. No loose bags or boxes will be collected. The truck driver will not exit the truck to collect items.

The collection truck must have access to your container. Place it three feet from any obstructions and place the container within two feet of the curb with the handle facing away from the curb. The collection truck is on a scheduled route and will pass your residence only once. If your garbage is put out late or incorrectly, it will not be collected.

Do not put yard waste, construction, remodeling, metal, or demolition debris in the container.

Do not put concrete, dirt, rocks, sod, sand, plaster, hot ashes, tires, automobile parts or batteries, chemical materials, toxic materials, flammable items, liquid paint, or hazardous materials into the container.

Residential Trash Collection

Residential Trash is defined as limbs, discarded furniture, appliances, and junk. Yard trimmings, leaves, straw, and grass clippings should be composted or used as mulch. All loose leaves, mulch, and straw must be bagged for collection.

Trash is collected beginning the first and third Tuesday of each month in your neighborhood.

Residents are allowed to put out trash 48 hours in advance of their normal pickup day. Your trash is limited to two cubic yards of trash – that is a pile measuring three feet high, three feet wide and six feet long. That's equivalent to 15 bags of leaves, pine straw or other yard materials. Larger quantities may be taken by the resident to the trash land field or collected by the Public Works Department for a fee of \$50.00 per half load or \$100.00 for loads exceeding a half trailer load but not over one trailer load.

The Town of Century Prohibits:

- Placing trash on medians or vacant lots
- Blowing, and sweeping of grass or leaves into gutters or storm drains
- Placing building material by the curb for pickup
- Placing debris from a lot clearing project at the curb for pickup
- Blocking sidewalks, gutters, ditches or any portions on the City's drainage system with trash/ debris
- Placing trash in the street
- Placing trash near utility lines, poles, low hanging tree limbs
- Placing trash near fire hydrants, sign posts, mail boxes, fences, masonry work
- Placing hazardous or toxic materials, paint, tires, fluorescent bulbs or any dangerous materials in the trash
